But it will be different today. Mayor Thompson intends that there shall be a rigid enforcement of the prohibition against the use of water for lawn sprinkling. Every violator will be arrested and fined in the police court, and in addition, the penalty of cutting off water supply till the fine is paid will be enforced. The mayor said so last night, and he is mightly in earnest.

REPORT OF EXECUTIVE COMMIT-TEE ON RECENT REUNION.

HE exchequer of the local lodge of Elks was enriched about \$4,000 last evening through the report made to the lodge by the executive committee, James C. Leary, chairman, on the this city last month. That sum of money was turned over to the lodge by the committee. Accompanying it was a long report from the chairman. It mentioned the surplus as follows:

The executive committee considers that the contributions to the citizens' fund have equalled the disbursements and all of the expenses which have attached to the convention movement, and with the contributions to No. 55 and the receipts from privileges, entertainments, etc., a approximating \$4,000 is left over use of the lodge.

The total disbursements of the committee have been \$20,965.69. The executive committee has advanced to lodge No. 55 \$2,434.65 in two payments, one of \$2,000 and one of \$334.65. The balance in the hands of the treasurer is \$1,215.56, approximately. The "Buffalo Bill" donation of \$1,000 has been specially deposited by of \$1,000 has been specially dep W. H. Clark, chairman. The these disbursements is \$25.615.90.

Payment of Bills.

From the above mentioned fund of \$4,000, there still remains to be paid about \$1,200 as soon as the bills are adjudicated. Of that sum \$500 is the sec-ond prize of the band contest, which the Boston & Montana band is now trying to secure through arbitration.
Then there are several minor biffs which the executive committee declined to pay in full because they con-

clined to pay in full because they considered the charges exorbitant and left the adjudication to the lodge.

The major portion of the report was devoted to extoling the excellent work of the individual members of the lodge who were appointed on the various committees who worked for the success of the reunion. Considerable attention was given by Chalman Leary to the work done by Chalman Thomas Homer of the accommodations committee, and his corps of assistants, and the complaints lodged with him by citthe complaints lodged with him by cit-izens of Salt Lake who had counted upon entertaining members of the or-der, and who had gone to some expense to provide lodgings, but were not called upon at the last minute to render as-sistance. It not only satisfactorily housed the very large number of people who depended upon it for accommodations, but had planned to provide 5.000 additional ones in quarters at reasonable prices had the attendance upon the reunion fulfilled the promise given by lodges in their advance reports of delegations. Its failure to do so was a serious disappointment to all committees and to some people who had made provision to entertain visitors. Had the attendance materialized to the extent of 20,000 people and the attendants among Elks been more submissive to the disposition of the accommodations committee, no feeling of disappointment among the latter class of our citizens would have been engendered.
